

WOOD BRIQUETTING SYSTEM RUF SZ1+

Proven technology for small and medium-sized companies

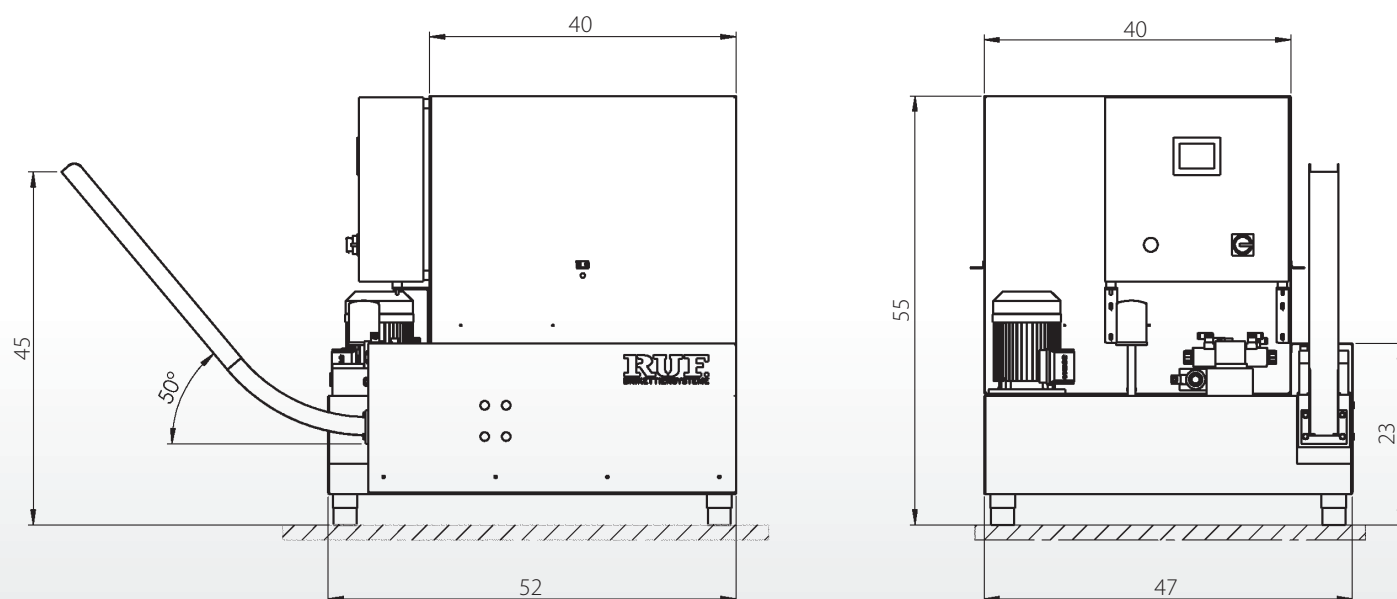

The **RUF SZ1+** briquetting system presses loose wood chips into compact RUF briquettes. The high pressure ensures a constant high quality and dense briquette. As an entry level model of our wood presses, the SZ1+ is available in a standard design with proven RUF technology for small capacities (65 - 130 lb/hr).

TECHNICAL SPECIFICATIONS

RUF SZ1+

Technical data	RUF SZ1+
Throughput rate (lb/hr)	65 - 130
Power (hp)	5
Machine size Length x Width x Height (in)	52 x 47 x 55
Machine weight (lb)	1,800
Briquette size $\varnothing$ (in)	2.8
Briquette length (in)	0.4 - 0.8

Subject to technical modifications - Capacity depends on the source material

All measurements in inches

Benefits

- ▶ Easy installation
- ▶ Ideal for automatic feeding of industrial furnaces
- ▶ Compact design
- ▶ Suitable for fully automatic 24/7 operation
- ▶ Low electrical demand per production output
- ▶ Minimal degree of wear and tear
